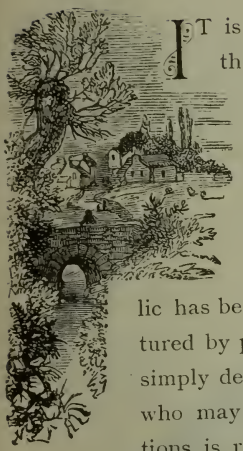
SUMMER TOURS.



IT is scarcely to be expected that the limits of this work will permit of extended descriptions of the various localities which have acquired more or less celebrity as summer resorts. Many of these have been extensively advertised by means of magazine and newspaper articles, guide books and tourist publications, until the reading public has become familiar with their attractions as pictured by pen and pencil. This book will therefore simply deal with "routes and fares," and the reader who may be in search of illustrations and descriptions is referred to the more elaborate publication issued by this Company, entitled "Pen and Sunlight Sketches."

It may not be amiss, however, in this connection to call attention to the fact that many of the most celebrated resorts on the American continent are on the line of the GRAND TRUNK RAILWAY, or reached by its immediate connections, and hence the facilities it offers to tourists are such as are afforded by no other line, and have given it the title of "The Great International Tourist Route." The fact that it extends from the Atlantic seaboard to the great lakes, crossing and recrossing the border line between the United States and Canada, and traversing a country which presents an almost endless diversity of scenery, renders it a popular thoroughfare with the traveling public at any season of the year, and, in connection with its summer resorts, especially so in the season of tourist travel.

Its agencies in all the principal cities are supplied with a large variety of tourist tickets, and will furnish full information as to routes, fares, connections, time tables, etc., thus enabling the seeker for rest, recreation, sport, or scenery, to choose a route for a summer journey in accordance with his means or inclination.

A copious index to routes and localities has been prepared to facilitate the examination of this book, and if the reader fails to find in its pages that for which he is in search, an application, in person or by letter, at any of the Company's agencies, a full list of which is given on the fourth page, will undoubtedly secure the information desired.

GENERAL INFORMATION.

THE Tourist Fares shown on the following pages cover only the principal resorts reached by the lines of this Company and its connections. If trips from or to other points or additional routes are required, fares will be furnished on application at any ticket office of the Company.

Transfers between stations are not included in these Tourist Tickets unless specially noted. There are not many points where transfers are required, and they are mostly places at which passengers would wish to stop over.

Tickets which read optional by boat or rail must be used to destination of coupon on the rail if journey is commenced on rail, or on the boat if journey is commenced on boat. Passengers can change from boat to rail, or *vice versa*, only at points from or to which coupons read.

Tickets of Grand Trunk issue reading by steamer across Lake Ontario between Niagara Falls and Toronto will be exchanged for all rail tickets on application to the Company's Agents at Suspension Bridge, Niagara Falls or Toronto.

Coupons of tickets of Grand Trunk issue reading Richelieu & Ontario Navigation Co.'s Steamer between Kingston and Alexandria Bay, Clayton, Round Island or Thousand Island Park will be honored on the steamers of the St Lawrence River S. B. Co. or will be exchanged by Grand Trunk Railway Agent at Kingston for tickets via Gananoque & Deseronto Navigation Co. Coupons reading Richelieu & Ontario Navigation Co. Kingston to points beyond Alexandria Bay will not be honored on the St. Lawrence River S. B. Co.'s Lines, but will be exchanged at Kingston Jct. or Kingston city ticket office for tickets via Gananoque, on payment of $1.00 each.

Attention is directed to the fact that the Central Vermont and Delaware & Hudson River trains for Boston, New York, etc., etc., depart from the Grand Trunk depot at Montreal, thus saving passengers who reach Montreal by the Grand Trunk Railway from any transfer.

Many of the steamer lines, and some of the railroads in the White Mountain District, cease running or make irregular trips prior to the close of the Tourist season, Nov. 1st, and passengers should consult the advertisements of each Company and be guided accordingly.

When it is desired to make one or more of the side trips shown herein, tickets covering the transportation should be purchased at starting point, as in some cases the cost of trip will be higher when ticket is purchased at junction point.

Meals and berths are extra on all steamer lines, unless especially noted to the contrary.

Children between five and twelve years of age will be charged half fare; over twelve years, full fare.

Tickets are not transferable, and if unused in whole or part, application should be made to the General Passenger Agent Grand Trunk Railway, Montreal, for refund of value.

Agents will pay particular attention to the footnotes, giving additions which have to be made to all-rail rates quoted from Brockville, Kingston, Toronto, etc., in order to arrive at fares for optional tickets.

Round-Trip Tourist Fares to the Great Lakes, Michigan Points, Etc.

Agents at points from which fares are not shown will make them by adding ordinary return or tourist return fare (if any) to the fare shown from whichever of the principal stations will make the lowest through fare, not exceeding the fare shown from a point beyond. For fares to Ashland, Duluth, etc., going and returning by Lake Routes, agents will refer to Tariff 77 (4).
